Cherry Creek

Annabella Versaggi, Patrick Pethybridge, Leighton Warner, Teague Roark, Camryn Gerchow

Cherry Creek, Denver

SITE ANALYSIS
- Land use/Zoning
- Cherry Creek Mall
- Access to ammenities
CHERRY CREEK MALL
- Abandoned buildings
- Excessive parking
- Urban Heat Island Effect
ACCESS TO AMMENITIES
- Lack of access to transit
- Lack of access to public green space
- Lack of access to grocery stores
PRE-PLANNING
- Assess opportunities
- Assess threats
- Assess weaknesses
OPPORTUNITIES
- Open space
- Excessive parking
- Vertical growth by zoning
- Potential for ADUs
WEAKNESSES
- Lack of affordable housing
- Minimal access to public open spaces
- Excessive parking
THREATS
- Urban heat island effect
- Environmental impacts
CONCEPTUAL DESIGN
- Zoning
- Urban Heat Island
URBAN HEAT ISLAND
- Green roofs
- Solar panels
- Increase open space
- Convert underutilized parking
ZONING
- Blend residential and commercial
- Distribute commercial
DETAILED DESIGN
- Convert and connect open spaces
- Increase accessibility
CONVERT AND CONNECT
- Convert underutilized parking into public parklets
- Convert extra parking by Cherry Creek Mall into an expanded park along Cherry Creek Trail
- Connect green space with green alleyways
INCREASE ACCESSIBILITY
- Pedestrianization
- Improving bicycle infrastructure with increased and protected bike lanes

Concept Plan

New Social Amenities

New and Enhanced bike lanes and sidewalks

More trees and green space

New restaurants and outdoor seating

Busses and CarShare reduce intoxicated driving

Better access to shopping area

Neighborhood community center

New Bowling alley and Gym

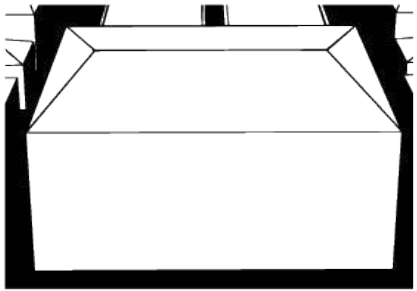

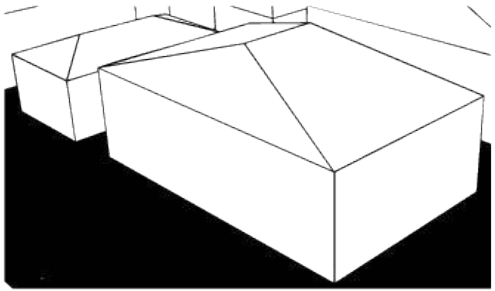

New Bars and Social clubs

New Buildings

Residential Building Types

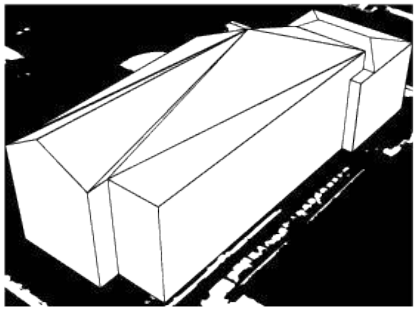

Single-Family, Single Roof

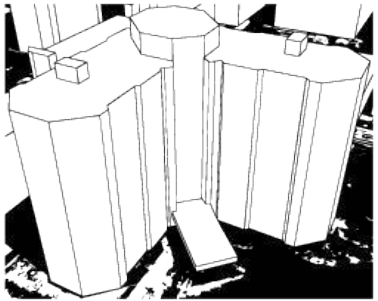

Single-Family with ADU, Single Roof

Single-Family with ADU, Multi-roof

Multi-Family

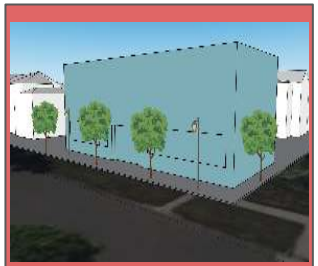

Commercial Buildings

Cherry Creek Mall

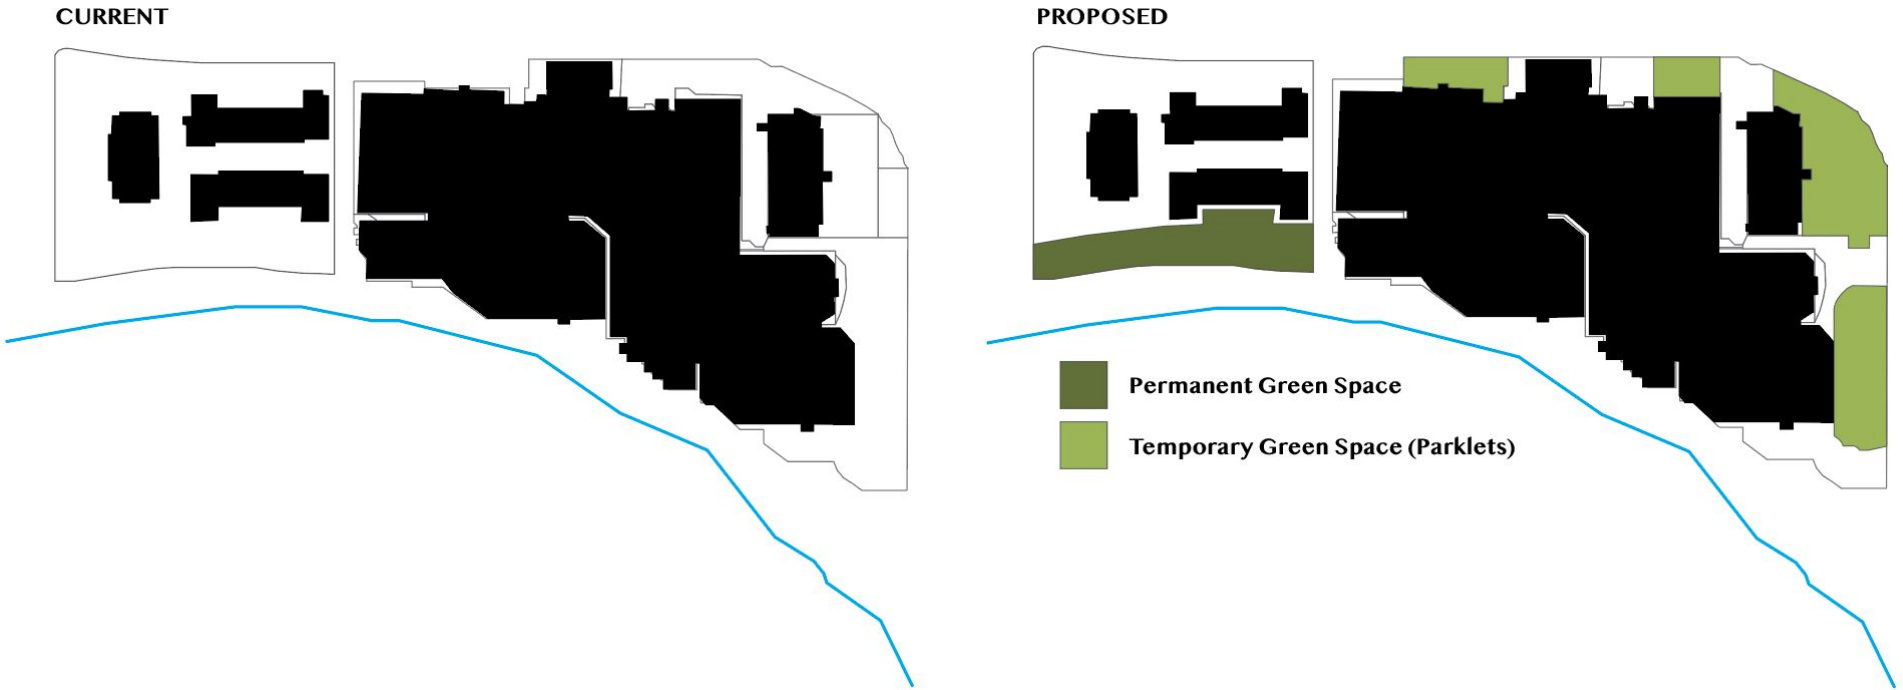

Primary Revitalization Plan

The decade long, billion dollar plan vs. An eco-friendly, sufficient revitalization plan

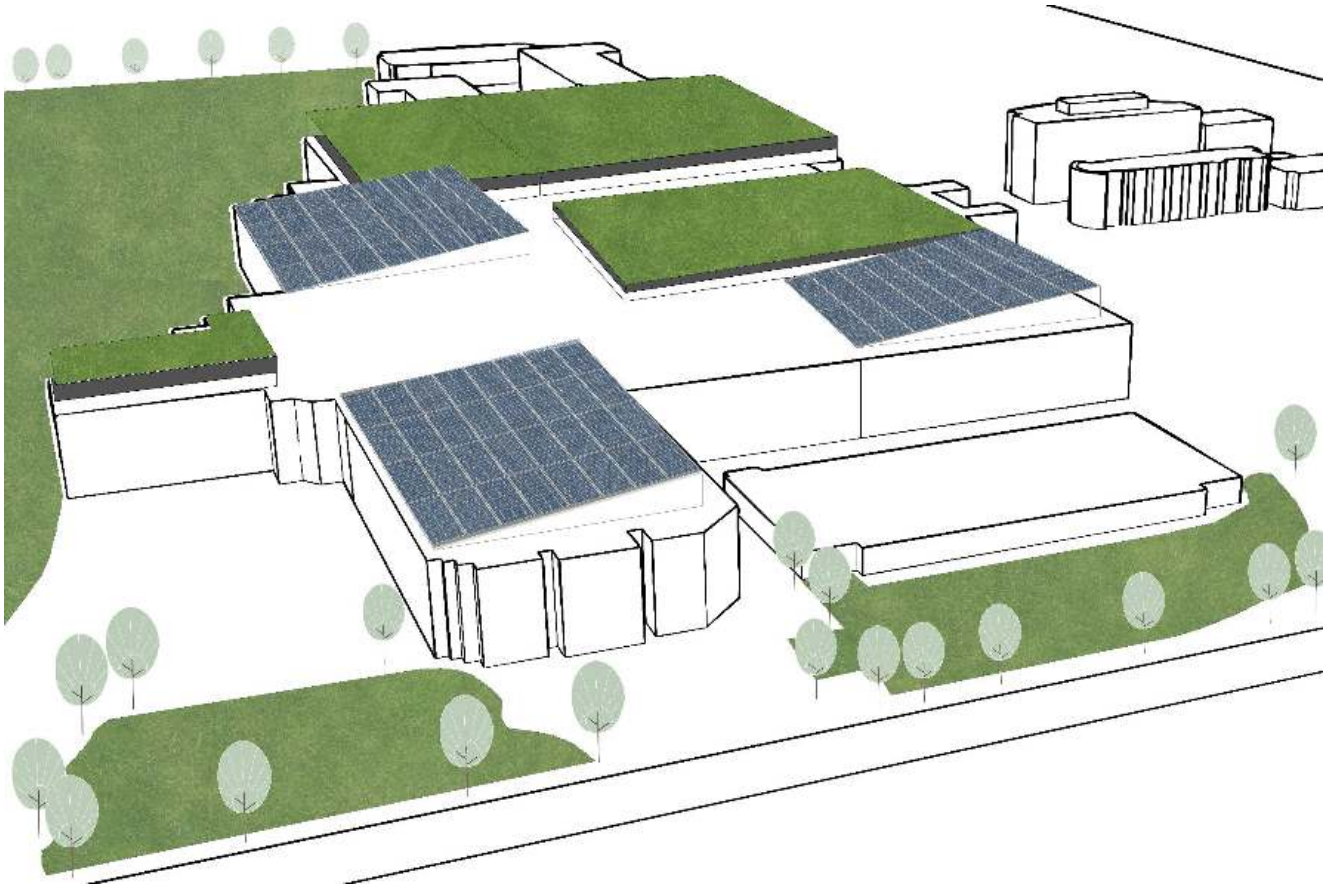

Current vs Proposed

Parklet + Roof Treatment

Transportation

Open Spaces and Nearby Attractions

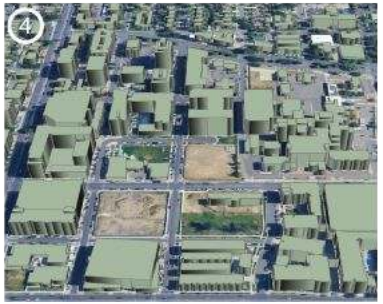

1. The Denver Botanic Gardens, Cheeseman Park, and Congress Park
2. Pulaski Park, Burns Park, and Cranmer Park
3. Cherry Creek Mall, Cherry Creek path, and new park/building development
4. Lindsley Park, various hospitals, AMC Theatre, various amenities

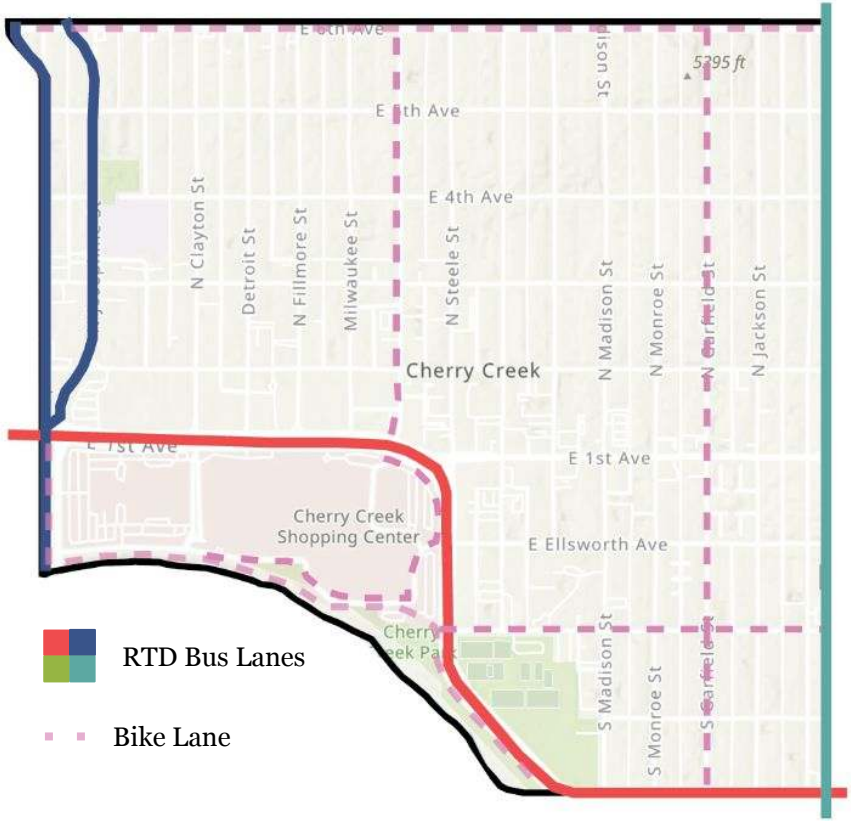

Current Infrastructure

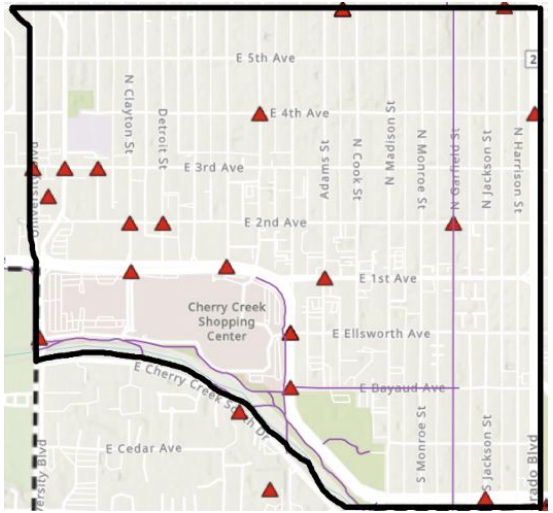

What is the Issue?

- Limited Bike Lanes
- Limited Microbility Transportation
- Ineffective Circulation

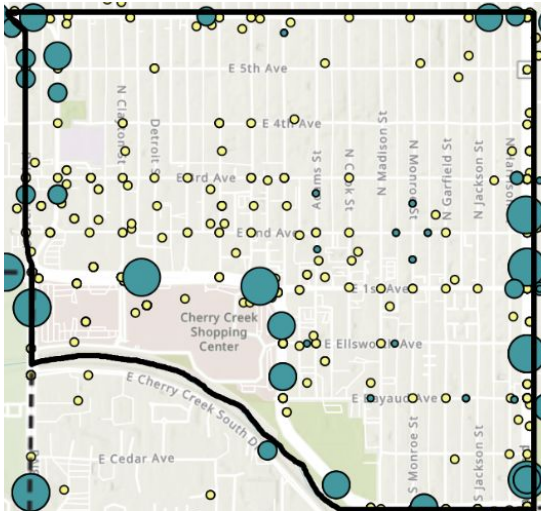

Bike accidents

3. Forebay (Sediment Collection)
4. Step-Out Zone
5. Planting Area (Irrigated)
6. Access Walk
7. Pedestrian Sidewalk

Denver Green Code

With guidance from the Denver Green Code, we will:

- Maintain a **minimum of 20%** of existing native or adapted plants
- Implement **mulch** where needed at a depth of 2-4 inches
- Plant a combination of perennials, ground cover, shrubs, and trees
- Build **stormwater management systems** throughout the site

Native Plant Species

FRINGED SAGE

ROCKY MOUNTAIN PENSTEMON

BIG BLUESTEM GRASS

APACHE SUNSET HYSSOP

Native Tree Species

BUR OAK

NORTHERN CATALPA

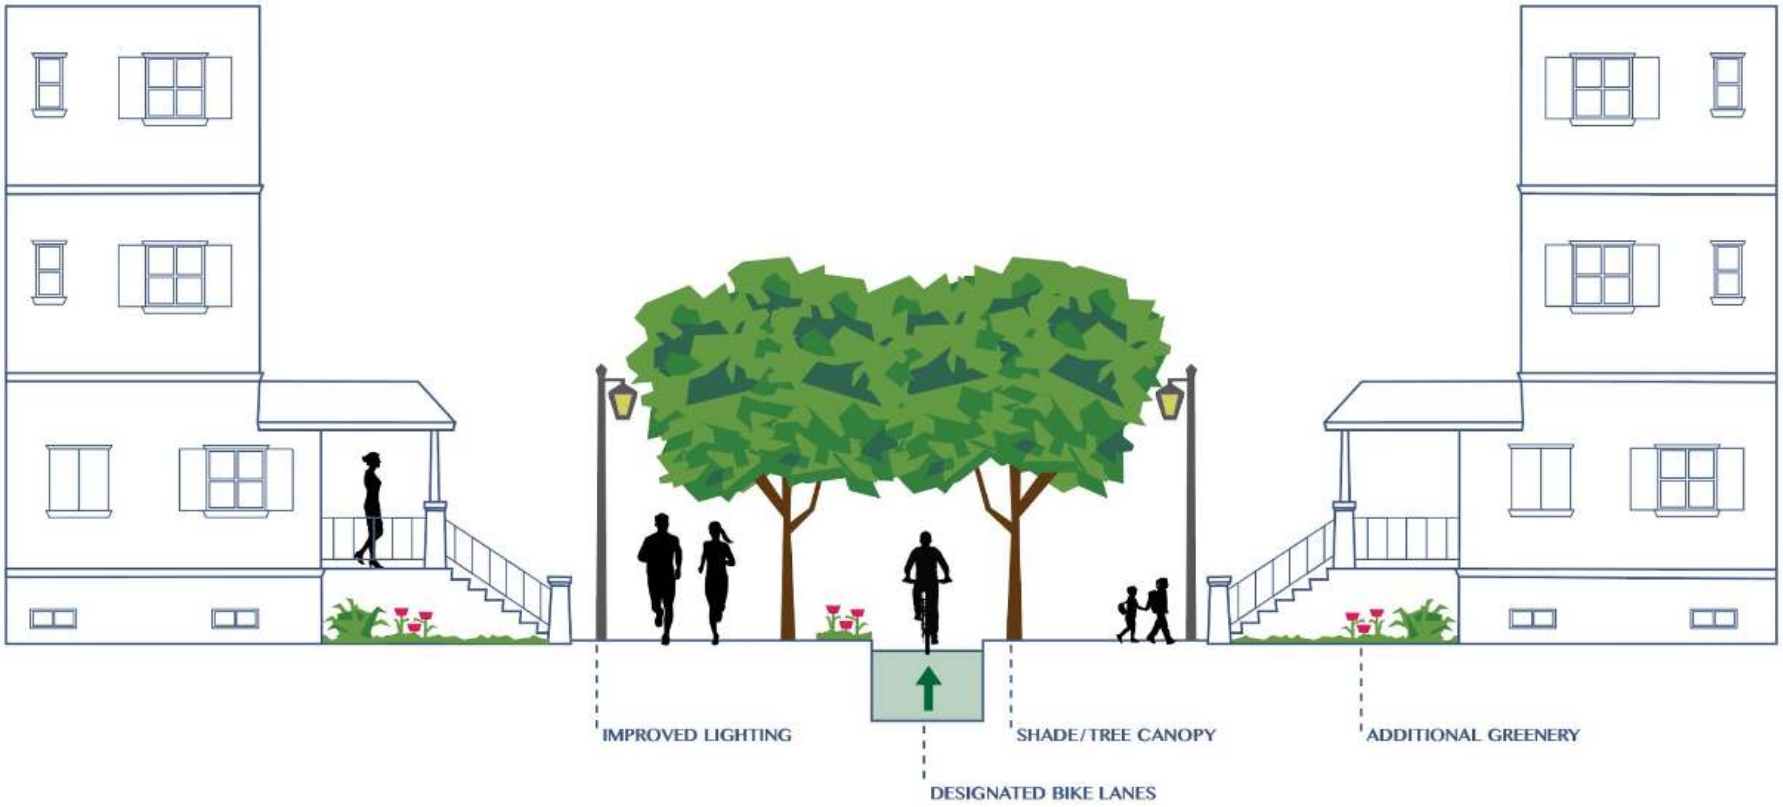

AMERICAN ELM

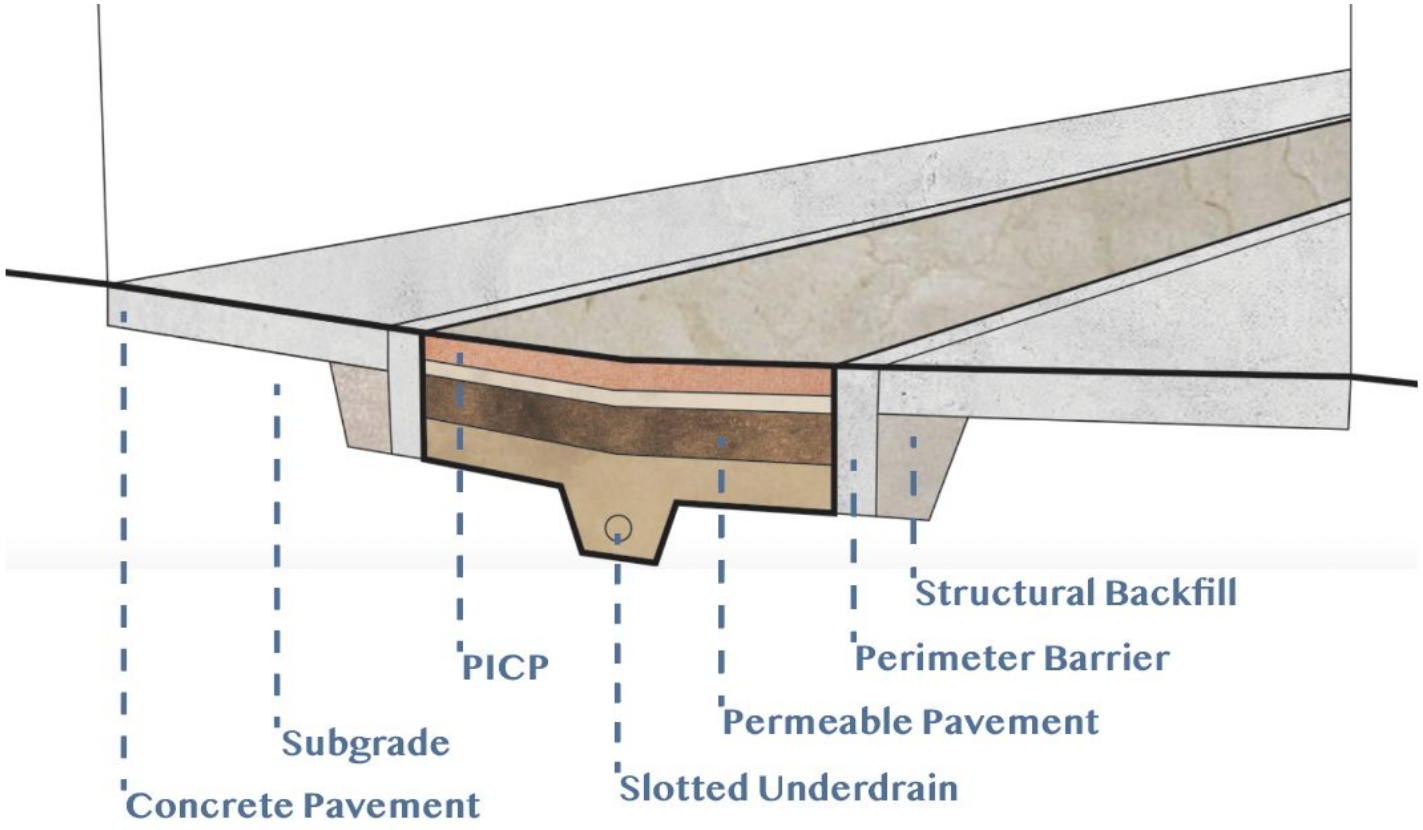

HACKBERRY
